LION COFFEE

When you buy an unbroken package of LION COFFEE you have coffee that is absolutely pure, strong and invigorating. A single pound makes 40 cups. No other coffee will go so far. You will never know what it is like till you try it. LION COFFEE is not a glazed compound, but a pure coffee and nothing but coffee.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

PRECAUTIONS IN EUROPE. - The news of Friday's dastardly crime at Buffalo reached Europe too late for the press to do more than to express the people's horror at the deed, and their sympathies with the victim and the country. It is not too much to say that the whole of Europe in the last two ha- been in acondition for r as to when and where themselves anarchists, would find their next victim. The United States was the last place thought of as the scene of the crime, but it cannot be said that it was equally unconsidered as the place whence its organizer or perpetrator might come.

At the present moment there are twelve plain clothes officers hedging Kine Elward on the journey from Hamburg to Copenhagen. They are re-enforced on the successive periods by secret police selected for their local knowledge of the different stages of the journey. I is announced on authority that a number of European secret service offi-cers are now in the United States attempting to make thorough the dosalers of various European anarchist groups. They complain that their work is almost impossible, owing to the com ing and going between Europe and the different cities of the United States of potential assassins, and also because of the absence of police concern regarding them in the United States. It was only on Friday that the programme for the Czar's movements in France was known with anything like completeness.
